Refresh in cool water

Kirami Premium and Comfort Cold Tubs

KIRAMI

HARVIA

Premium NordicIce S Dualex

Step out of the warmth of the sauna into a tub beside it, where the touch of cold water on your skin awakens every sense and helps you recover from a busy day. Alternatively, you can treat yourself to a wonderfully warm and relaxing bath. Either way is possible, as the Premium NordIce S tub is equipped with the Dualex air-source heat pump, which cools the tub water and also includes a heating option. The water temperature range is 4–40 °C.

- Air-source heat pump for cooling or heating the water
- Includes filtration and ozone purification
- Plug-and-play installation
- Bench shaped from gray stone that remains firmly in place on the tub floor
- Insulated cover, optional accessory
- Deluxe or Family steps, optional accessory

Faux leather insulated cover, optional accessory

Stone bench included as standard

*The air heat pump cools
or heats the tub water*

Comfort BlackIce S

A dipping tub made from black plastic. The interior material is gray plastic with insulation all around the tub. The exterior is stylish black faux leather. *Take a dip to refresh yourself and energize your body and mind!*

Comfort BlackIce S Dualex
The same tub, but with the Dualex air heat pump.
